Description

This quirky ring is highly unusual, it has three small emeralds and a small diamond denoting the shape of an Irish clover. This dainty ring is set in white gold, whilst the head of the ring is set in Platinum. The quirkiness of this ring would perfectly adorn any woman's hand, I haven't seen anything that quite matches this before, leading to believe it may have been a bespoke piece created for someone of Irish decent. The finger size of this ring is M, and is marked 18ct and Plat on the interior of the ring.
