## Description

Very stylish unusual antique lamp stand with elements of copper, brass & steel. It's in great condition & I would date it to around the 1910-20's period. This lamp stand has just been re-wired to U.K standards. I don't think you will see another one like this. It's Neoclassical in style & the height can be easily adjusted. I believe the height shown below is for when it's down. Width - 13 inches, 33 cm Height - 57 inches, 145 cm
