Description

A very elegant bracket clock by the World renowned maker WINTERHALDER & HOFFMIER. The 8 day, quarter striking movement has just been fully overhauled by our BHI registered staff and carries our usual full parts and labour guarantee. It strikes with a "ting-tang" double strike on two gongs on the quarter and the hours on a separate gong. It is a beautiful mellow tone. The brass dial has a matted centre with silvered chapter ring and subsidiary rise and fall dial, STRIKE/SILENT lever, and gilded spandrels. The oak case retains its original French-polish finish with a marvellously rich patina that only age can give. There is hand carved detail to both the front of the clock and also the caddy top. An ornate brass carrying handle to the top. A very majestic looking clock. All cards accepted.
