Depth = 10 cm (3.9")

Description

This is a vintage mens watch made by the premium Swiss make Omega. It has fully automatic calibre 354 bumper movement. An Omega "bumper" is a vintage Omega that has a "bumper" automatic movement rather than a full rotation rotor automatic. The oscillating weight makes a partial rotation before "bumping" into a cushioning spring. The dial with day and date is in mint condition having been fully restored. The Omega symbol is on the crown and it is fully marked Omega on the dial, movement and case as you would expect. The watch case is oversize and measures 34mm in diameter not including the crown. The case is 14ct gold filled and there is an inscription on the back. Omega are one of the most exclusive watchmakers in the world and this watch certainly has that understated elegance that whispers class. The watch has been fully serviced and is guaranteed to be a genuine Omega in all respects. It has been professionally overhauled, the process is highly detailed and meticulous. It is stripped down to its component parts and each part is examined under a microscope for signs of wear, any worn parts are replaced with genuine manufacturers parts. Each part is then thorou...
