

SA599232

Antique silver Longines pocket watch

Price

Sold**Item Reference: SA599232****Date of manufacture: 1910**

Description

Antique silver Longines pocket watch. The watch has a signed stem-winding movement which is working nicely. The movement is protected by an inner hinged cover. The watch measures 48mm diameter excluding the winding stem and the loop. The case is silver and there are Continental hallmarks inside the two case backs. The case is in good condition and the engine turned detail on the hinged case back is still nice and defined. The acrylic lens is in good condition. The dial is in good condition, just a little paint loss to a couple of the numbers but nothing serious. Original pin-set hands. The watch will be sent in a new presentation box. Free UK and worldwide postage
