Description

A bow fronted (curved) antique pine chest of drawers dating from about c.1920, in very nice condition. An attractive piece of furniture with the original elaborate drawer handles and key escutcheons. All the drawers are sliding nicely. A solid, well made chest of 4 drawers. It has recently been stripped to the bare wood, and is now ready for waxing or painting. Being bow fronted, you can see the makings of the drawers from faint lines on the front - these can be covered with paint but will still be visible through wax polish. In our opinion this would look very nice painted and would show off the beautiful handles. Please contact us for a quote for painting. Height 35.5", width 36.5", depth 20"
