Description

A vintage 1930s Cyma pocket watch. This particular watch has a Cyma stem-winding movement, which is working nicely. The watch measures 50.7mm diameter excluding the winding stem and the loop. The case is gold plated and is the Star model made by the English based watch case maker Aaron Dennison. The case has minor surface marking from use but overall it is in nice condition. The acrylic lens has some light surface marking from use although hardly noticeable. The white enamel dial is in nice condition. The watch has its original blued steel hands. The watch will be sent in a new presentation box. Price includes worldwide postage.
