Description

This is a lovely late c19th French kingsize bed in the louis xv style, circa 1880. The bed frame is substantial, has its original old French green / grey finish with a highlight to the carvings in a deep blue green. I have had the upholstery restored and is now lined, ready for you to add the top fabric...I can assist you with this if you don't have access to an upholsterer. Beautifully carved frame and substantial, original decorative side rails too which ARE long enough to accommodate a standard modern mattress of 150cm x 200cm long (you could place a divan within the frame if you wish). The bed frame is price as you see it here, but if you need help with the upholstery, please get in touch - this can be done for you for around £175 + vat if finished with a double pipe edging or a braid, studs would increase the price if required. You may also choose to repaint the frame if the colour is not right for you, butn obviously better to do this pre upholstery! Measuring: Headboard 62" or 157.5cm high Footboard 39" or 99cm high Max width 64" or 163cm Internal mattress area is 60" or 152cm wide x 79" or 201cm long Delivery to most England, Wales and Scotland address...
