Description

William IV mahogany extending dining table This William IV mahogany 1 leaf extending dining table was made circa 1830. It has the desirable tulip legs finishing with brass cup wheel castors. In this period the timber that was available was dense and so the carving is very crisp. The table can be used with its leaf in or with the leaf taken out. The table pulls open on a telescopic action using runners. This makes a very good dining table for a more modest dining area. 169cms when open with the leaf inserted 66 1/2ins 111cms without the leaf and closed up 43 3/4ins 113cms wide 44 1/2ins 74cms high 29ins All sizes are approximate We can arrange delivery nationwide or we can obtain a quote for it to be shipped overseas This item carries the Hingstons Antiques product guarantee plate.
