Description

Gents early 1960s Roamer wrist watch. The watch has a signed hand-winding movement, a Roamer MST 414, which is working nicely. The watch measures 34mm diameter excluding the winding crown and the lugs. The case is gold plated and the front is in super condition. When you turn the watch over, there is wear by the crown, just from where the watch has been wound over the years. The lens is in lovely condition. The signed dial is in its original finish with original dauphine hands, centre seconds and outer minute markers. A new leather strap has been fitted. The watch will be sent in a new presentation box.
