Description

A fine quality 8 day English fusee timepiece wall clock by Adams & Sons of London circa 1840. The flame mahogany veneered and brass inlaid case with a cast brass bezel and the original convex glass. The well-proportioned case with a narrow mahogany dial surround, finely carved mahogany ears to the case sides and brass inlaid curved bottom drop box with opening pendulum access door retaining its original lock and key. The mahogany back box with two opening side doors and the original fastening pegs, all in excellent original condition and of good colour and patination. The fully restored 8 day chain driven timepiece fusee movement of excellent quality. The original brass bob pendulum with brass strap and brass butterfly fusee winding key. The convex painted white dial with a Roman chapter ring and signed to the centre Adams and Sons London. Blued steel spade design hands. An excellent quality clock in fine original condition throughout with the movement fully restored. All of our clock movements are restored by our horologist who works exclusively for us. Our horologist is a Fellow of the British Horological Institute (FBHI), having 35 years of full time prof...
