

SA603017

Antique 1908 Waltham pocket watch

Price

Sold**Item Reference: SA603017****Date of manufacture: 1900**

Description

Antique 1908 Waltham pocket watch. The watch has a stem-winding movement, grade 610, which is working nicely. The movement is fully signed and the serial number 17218075 dates it back to 1908. The watch itself measures 50.4mm diameter excluding the winding stem and the loop. The case is gold filled and is the Referee model made by Wadsworth watch case company. The case has a screw on front and back. The case is in nice condition with only light surface marking from use. The glass lens has a 2mm scratch but not too detrimental at all. The dial is signed Waltham and is in nice condition, just one small chip to the perimeter by number 4 but you have to look closely to see it. Original blued steel hands. The watch will be sent in a new presentation box.
