Description

A 1922 Waltham pocket watch & chain. The watch has a stem-winding movement, grade 225, which is working nicely. The movement is fully signed and the serial number 24241124 dates it back to 1922. The watch measures 43.8mm diameter excluding the winding stem and the loop. The case is white gold plated and is the Challenge model made by NAW Co. The case is in good condition, just light surface marking from use but nothing serious at all. The glass lens is in nice condition. The signed enamel dial has red outer minute markers. The dial has several faint hairline cracks although hardly noticeable to the naked eye. The watch has its original blued steel hands. The watch comes on a plated chain which measures 24.5 cm including the T bar and clasp. The watch will be sent in a new presentation box. Price includes worldwide postage
