

SA603110

1930s Lanco pocket watch and chain

Price

Sold**Item Reference: SA603110****Date of manufacture: 1930**

Description

1930s Lanco pocket watch and chain. The watch has a Swiss stem-winding movement which is working nicely. The movement is signed Lanco, one of the brand names used by the watch maker Langendorf. The movement is protected by an inner hinged cover, there are some scratches on this inner cover including a previous owner's initials. The watch measures 50mm diameter excluding the winding stem and the loop. The case is nickel and it has a small slight indentation to the back and the odd minor surface mark but overall is in good condition. The acrylic lens has a very small amount of light marking but overall is in good condition. The double sunk dial is in good condition with original hands, a subsidiary seconds dial and an outer minute track. The watch comes with a single chain, 30cm long including the T-bar and the clasp. The watch and chain will be sent in a new presentation box. Free UK and worldwide postage
