Description

A good tidy Victorian Mahogany kneehole desk with a black leather skiver, tooled around each edge. This skiver is a new one so is in perfect condition and being in black does not conflict with a colour scheme. The top is breakfront with adds a little appeal to the item and is not too deep so may help a little where width space might be at a bit of as premium. It has been cleaned and rewaxed before coming into the showroom so it is in nice condition. The pedestals are in fact cupboards so really useful if you want to put larger item into them that might not fit into drawers. Your bottles of port or brandy perhaps or even box files or similar. Dont hesitate to give us a call 01565 874075 if you would like to discuss this very sensibly priced 19thC desk. .
