Description

A super large, versatile, dining table having 3 loose leaves. This table is a very comfortable 10 seater table. If the centre leaf is removed it is a comfortable 8 seater. The glory of this table is that the legs down the sides of the table do not get in the way as they are gated and therefore inside the table. As you can see from the photos the chairs down either side can go quite a way under the table. There is also plenty of leg room between the chairs and the top. There are photos showing the table with all 3 loose leaves in and some without the centre making it an 8 seater. The legs are elegant slim moulded legs. The table has been through our workshop and is in good sound condition. When the table has all leaves in it is 252cm. Without the centre leaf, 206cm. It is a good height 74cm (29") Width 114cm (45") I have plenty more photos
