Description

A huge early 20th Century model of a Pond Yacht. It is excellent quality and a very detailed piece with a wooden hull and full rigging with canvas sails and brass eyelets. It is a fully working model that was made to be sailed on a pond and has now been put on a wooden display stand to make a great decorative piece. It has been sympathetically restored and is in good condition for its age. There are some minor signs of age and use, some surface scratches and marks along the hull but nothing detrimental. It displays beautifully. The best description comes from the photos so please look at them all carefully and if you have any questions please ask.
