Description

Good large size Georgian framed sampler of very pleasing design. The frame is ebonised wood and looks to be original. The sampler is slightly faded in places but is otherwise in good condition for its age. The sampler has a lovely Georgian house in its centre which is surrounded by various birds and animals. The date is a little hard to make out but I am pretty sure it is 1824. I've done my best with the pictures but it is a bit difficult when it is behind glass !! SIZE; 21" Square. CIRCA; Dated 1824
