Description

Gents Tissot Visodate Seastar PR516 wrist watch. The watch has a 782-1 hand-winding movement which is working nicely. The movement is fully signed and the serial number 9,650,872 dates it back to 1967. The watch measures 34mm wide excluding the winding crown and 33.5mm high excluding the lugs. The case is stainless steel and there are surface marks although light. The screw-on case back has a scratch. The inside of the case back is signed, as is the winding crown. The lens is in good condition. The signed dial is a dark metallic copper brown colour and it is in good original condition with original hands, centre seconds, cross hair detail and an early quickset date (set by changing 21:30-24h). The watch comes with an unusual Tissot bracelet, stamped 516 so presumed to be original to the watch. The clasp has a lot of surface scratching. The watch will be sent in a new presentation box.
