Depth = 10 cm (3.9")

Description

This is a very fine example of a gents classic wristwatch made by the world renowned premier Swiss maker Omega. The watch is the calibre 351 automatic bumper movement and the serial number dates this accurately. An Omega "bumper" is a vintage Omega that has a "bumper" automatic movement rather than a full rotation rotor automatic. The oscillating weight makes a partial rotation before "bumping" into a cushioning spring. The dial is in incredible original condition, it has not been retouched or restored in any way. It has a two tone dial which changes colour slightly in the light and is quite striking. It has peacock blue steel hands and it retains its original winding crown with the early flat footed Omega symbol. It has the Art Deco look about it. It measures 33mm in diameter excluding the winding crown. A new glass has been fitted and the case has been professionally polished so it is in superb condition. As you would expect the watch is fully marked on the dial, movement and case. Omega are one of the most exclusive watchmakers in the world and this watch certainly has that understated elegance that whispers class. The watch has been fully serviced and is gu...
