Description

An old pine farmhouse kitchen sideboard with a small open dresser top. Dating from about c.1910, in very good condition having recently been stripped to the bare wood. The base consists of a double panelled door cupboard with a single shelf and two drawers each with the original small wooden knobs. There is some nice scroll fluting to the sides of the base. The open dresser top has 5 small key drawers, each with little wooden knobs, a display shelf and a tiled splash back. A very useful farmhouse kitchen work station. The dresser top separates from the base for delivery and access. If you're keen on one or the other (top or base) we would consider selling them separately. Please contact us to discuss further. Overall height 55.5", work top height 35.5", width 45.5", depth 21"
