Description

Gents 9ct gold Rone wrist watch, 1961. The watch has a signed 17-jewel hand-winding movement which is working nicely. The watch measures 32.5mm diameter excluding the winding crown and the lugs. The case is 9 carat gold and there are hallmarks inside the case back for London 1961 with a case maker's mark of RWCo, presumably Rone Watch Company. The case is in good condition, just a fairly gentle indentation to the back. The lens is in good condition. The signed dial is in its original finish with original hands and centre seconds. A new leather strap has been fitted. The watch comes with its Rone presentation box.
