Description

Antique 1920s patria silver pocket watch. The watch has a stem-winding movement which is working well. The nicely jewelled movement is signed Patria. The movement is protected by an inner hinged cover which has some wear and surface scratches from use. The watch measures 49.9mm diameter excluding the winding stem and the loop. The case is .800 silver and there are Swiss hallmarks inside the case back. The case has a rose gold wash around the bezels and edge. The case has minor marking from use but overall it is in nice condition for a 1920s piece. The acrylic lens is in nice condition. The white enamel dial has a very faint hairline crack to the centre at 7 o'clock although hardly noticeable to the naked eye but overall it is in nice condition. The ornate hands are a charming feature, popular in the Scandinavian countries at the start of the 20th Century. The watch will be sent in a new presentation box.
