Description

This is a very fine example of a gents classic wristwatch made by the world renowned premier Swiss maker Omega. The watch is the calibre 552 fully automatic movement, as you can see it is in fabulous condition. The dial is completely original, it has not been retouched or restored in any way. It has gilt hands and baton markers. It also has the Omega symbol on the crown. A new glass has been fitted and the case has been professionally polished so it is in superb condition. It has the Seamaster logo on the back of the case which is bright and crisp and a sign that this watch was rarely worn. It has a solid 9ct gold integral Omega weave design bracelet and the whole watch fits a wrist size of up to 7.5 inches or 190mm but this can easily be reduced to fit any wrist size by a competent jeweller. As you would expect the watch is fully marked on the dial, movement and case and it comes with its original box and paperwork. Omega are one of the most exclusive watchmakers in the world and this watch certainly has that understated elegance that whispers class. The watch case measures 35mm in diameter not including the crown. Overall this watch is in lovely original condition ...
