Description

Gents Omega wrist watch, 1963. The watch has a calibre 620 hand-winding movement which is working nicely. The movement is fully signed and the serial number 20,233,563 dates it back to 1963. The watch measures 31mm diameter excluding the winding crown and the lugs so it would suit a slimmer wrist. The case is gold plated and it is in very nice condition. The stainless steel case back has the Omega logo inside together with the case reference 111.022 which is correct for the calibre 620 movement. There are some surface marks to the case back. The winding crown is a later plain replacement. The lens is in good condition. The signed dial is in its original finish and there is some wear between the numbers markers. Original hands and outer minute markers. A new leather strap has been fitted. The watch will be sent in a new presentation box.
