Description

Antique Italian alabaster column in good original condition & with some natural wear showing on the surface in places, but no damage. We haven't tried to clean this up at all, because we quite like it showing more character. I believe this is Italian & dates to around the 1910-20's period. It's a nice chunky stand with bold turnings & a classical embellishment around the middle. This stand would look great with a large bust on top. Width – 10 inches, 26 cm Height – 41 inches, 104 cm
