Dimensions

Height = 30 cm (11.8")

Width = 23 cm (9.1")

Depth = 8 cm (3.1")

## Description

For your consideration is this fabulous 1930's modernist clock originating from Belgium and is etched into the glass on the bottom edge 'Made in Belgium'. You only have to do the minimalist of researching to find out how rare these clocks are, they just don't come onto the market. This clock is a great size too, definitely a statement piece. The mirror and thick plate glass is in excellent condition, free from chips, nibbles, discoloration. There is foxing 'mirror black spots' primarily around the numerals and random areas. The chrome is pretty good and free from tarnishing and pitting with the very minimal signs of age related marks. Any admirer of modernism or pure Art Deco or just the finer things in life will appreciate this clock. As with all our clocks we've had it fully serviced and so comes to you in good working order. Please note this clock is battery operated and not mechanical wind up.
