Description

Very impressive and distinctive looking 1930s Art Deco blue glass and chrome clock. Superb condition, both the glass and chrome are great and as good as you could expect from a period piece of 90 odd years. No damage to the glass, no tiny nibbles, foxing, silver loss etc. English in origin with no makers name, a fairly rare design we've only had this clock once before in the last year. Excellent size too, will look great as a mantel clock or desk. Marked on the back 'Made in England'. This is a mains operated clock and in good working order.
