Antique English Sterling Silver and Guilloche Enamel Handled Magnifying Glass

Price

Sold**Item Reference: SA61022****Date of manufacture: 1900**

Description

A really quite elegant desk-top magnifying glass with a stunning sterling silver handle enhanced with a vibrant blue guilloche enamel decoration over a fine engine turned lined design, a really delightful and sought-after colour. The solid or sterling silver ferrule is where the English hallmark can be found for Sheffield 1908, Edwardian in era. The glass is of course new, making it a really very usable desk accessory without damage. The glass measures 3" in diameter and the entire piece measures 6 1/2" in length. Excellent condition!
