Description

These landscape mirrors with the arch top are not that common and usually sell well. This example has good detail as can be seen in the pictures. It has had some knocks over the years and as such it not mint but it has been refinished on the gilt in the recent past so looks good. It has the original pot feet which is quite nice as many are missing. The mirror glass is good with almost no marking so has possibly been replaced but we have not removed the back so cannot be certain. All in all a good looking mirror in a much sought after shape with a good glass at a very sensible price.sorry reserved..... delivery can be arranged usually £60/70 to most parts with a specialist carrier or can be collected from Knutsford.
