Description

Antique mahogany spiral library steps in good original condition & of decent quality too. They are good size & can actually be used as steps. The top hand rail is nicely turned as are the rails between the steps & there is a brass finial at the top. The four steps still have the original tooled leather inset & the condition of the leather is still good. These library steps are definitely one of the better models I've had & they date from around the 1930's period. Width – 20 inches, 51 cm Depth – 20 inches, 51 cm Height – 67 inches, 170 cm
