Description

Good small size 18th century George III oak dresser and rack. The dresser base with drawers up the middle with cupboards at either side and standing on its original stile feet. The drawers with their original brass swan neck handles, the cupboards with their original wooden turn buckles and brass knobs. I think the H hinges are later Victorian. The pleasing open rack with 3 shelves with shaped apron and nice shape cornice. The dresser is in very good condition and is a lovely mellow oak colour. No issues with it at all that I can see. Please note the outside photos were taken before the dresser was cleaned and waxed up. SIZE; 57 1/2" wide by 18" deep by 82" high overall. The base section is 33" high from the floor CIRCA; 1770 - 1780
