Description

Antique Waltham Riverside full hunter pocket watch. The watch has a good quality stem-winding movement, Riverside grade, which is working nicely. The handsomely patterned movement is fully signed and the serial number 12,510,509 dates it back to 1903. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is gold plated and is in good condition, just light surface marks from use but nothing serious at all. The winding crown pushes in to open the front cover. Inside there is an acrylic lens which is in good condition. The signed white enamel dial is in lovely condition and has its original blued steel hands, a subsidiary seconds dial and an outer minute track. The watch will be sent in a new presentation box.
