Description

Antique mahogany or walnut floor lamp stand has been rewired, PAT tested & is in good working order. I think the wood is walnut, but it could be a light mahogany. There are gilt metal features all the way up the lamp & the feet are particularly nice with cast claw details. The gilt work has naturally aged & I think it will spoil the over all character of this lamp if one was to clean them. I would date it to around the 1910-20's period. Width – 13 inches, 34 cm Height – 58 inches, 147 cm
