Description

Antique President galonne cased silver pocket watch. The watch has a good quality gilt stem-winding movement which is working nicely. The movement is protected by an inner hinged cover upon which are details of medals won by President at the Paris Grand Prix in 1900. The watch measures 50mm diameter excluding the winding stem and the loop. The case is 800 silver with rose gold wash embellishment. The engine turned detail to the back of the case is still nice and crisp and there is a central vacant cartouche. The watch glass is in lovely condition. The signed dial is in super condition. The central 24 hour detail is a later addition, probably added soon after the watch was produced. Beautiful ornate hands, a subsidiary seconds dial and outer minute markers. The watch will be sent in a new presentation box.
