Description

Antique Waltham 9ct gold gents wrist watch. The watch has a hand winding movement, grade 361, which is working nicely. The movement is fully signed and the serial number 26,705,026 dates it back to around 1928. The watch measures 30mm wide excluding the winding crown and 30mm high excluding the lugs. The case is 9 carat gold and there are hallmarks inside the case back for Chester 1929 so it ties up nicely with the movement date. The case is in good condition with just minor surface marking. The lens is in good condition. The signed dial is in lovely condition, just a short faint hairline over number 7. Blued steel hands, a subsidiary seconds dial and outer minute markers. A later leather strap has been fitted. The watch will be sent in a new presentation box.
