SPHELTER PAINTED ANTIQUE FIGURINE NOVALTY CLOCK

Price

Sold**Item Reference: SA61408****Date of manufacture: 1920**

Description

A nice example of a painted spelter antique figurine clock which would have originally been produced purely as a novalty piece. This figurine clock has a tiny key to wing the swinging wooden clock face, and will run for 4-5 days at a time. The whole clock face swings by means of a counter balancing pressed sunburst pendulum at the other end of a triple wire shaft. This entire unit itself just balances on two hidden tiny pins fastened to a small strip of steel in the mans hand. A real collectors item which is in good condition, having still retained all the original painted finish, with no damage visible. The base is a pressed / cast strong metal construction with detail in the design. Measurements are 20 1/2 Inches in Height x 6 1/2 Inches Square from the base. TELEPHONE 07765 856171 TO RESERVE.
