Sold

Item Reference: SA614129

Date of manufacture: 1910

Dimensions

Height = 17.5 cm (6.9")

Width = 27 cm (10.6")

Depth = 7 cm (2.8")

Description

This fine Austrian cold painted bronze study of a red setter dates to the early 20th century. It is large in scale and beautifully painted in realistic colours. With its stunning appearance, this finely modelled setter shows all the characteristics of a red setter, being lively, intelligent, with a great sense of mischief. The original paintwork is in good condition with minimal amount of wear which is age related.
