

SA614154

Antique 1920s Swiss full hunter pocket watch.

Price

Sold

Item Reference: SA614154

Date of manufacture: 1920

Description

The watch has a stem-winding movement which is working well. The movement is stamped 15 jewels, Swiss made. The movement has an unusual checker board effect with gold and silver squares which would have been a great expense in production. The movement is protected by an inner hinged cover. The watch itself measures 50.6mm diameter excluding the winding stem and the loop. The case is gold plated and is the Star model made by the Dennison Watch Case Company. The case has minor surface marking from use and some mild bruising to the bottom but overall it is in nice condition for a 1920s piece. The winding crown pushes in to open the front cover. Inside there is an acrylic lens which is in nice condition. The white enamel dial is in nice condition. The watch has its original blued steel hands. The watch will be sent in a new presentation box.
