

SA614171

Silver Omega pocket watch,
circa 1940

Price

Sold

Item Reference: SA614171

Date of manufacture: 1940

Description

Silver Omega pocket watch, circa 1940. The watch has a stem-winding movement which is working nicely. The movement is signed with the Omega name and the serial number 9,124,530 dates it back to around 1940. The movement is protected by an inner hinged cover which is engraved with the Omega name along with details of trade medals won at Bienne and Geneve. The watch measures 48mm diameter excluding the winding stem and the loop. The case is 800 silver with rose gold wash embellishment, known as a galonne case. The case is in lovely condition and the engine turned detail to the case back is still nice and crisp. There is a central vacant cartouche to the hinged case back. The watch glass is in good condition. The signed dial is in beautiful condition with original Breguet style hands. The watch will be sent in a new presentation box.
