## Description

Victorian mahogany pedestal desk This Victorian mahogany pedestal desk was made circa 1860. This striking desk is finished all round, the rear with dummy drawers the 9 working drawers to the front. The desk stands on a plinth with turned feet and castors. The desk can be situated in the centre of a room as it is finished all around and so it looks the same front and rear. The top has a hand dyed and gilt tooled antiques red leather hide. It has the desirable rounded corners, this gives the desk a softer look. This desk is made in 3 parts, consisting of the top that is fitted 3 drawers and then the 2 pedestals that are each fitted 3 graduated drawers. As the Victorian mahogany pedestal desk was made in into 3 parts it makes it easy to transport this around your home or office. You should be aware that desks that are not in 3 parts normally started life as a different piece of furniture eg. dressing table or washstand and later had a leather inset to make it a desk. Imagine working at this important desk and the pleasure it will bring you. 137.5cms wide 54ins 76cms deep 29 3/4ins 78.5cms high 30 3/4ins 61.5cms floor to underneath of desk 24 1/2insAll dimensions are approxim...
