Description

A very handsome Edwardian era brass framed adjustable "Bulls Eye" magnifying glass with a convex magnifier. The brass has just returned from our silversmith, where it has been professionally polished and the weighted underside fitted with a new piece of green baize to protect your desk top. Dating to c.1900, it remains in excellent condition. The base diameter measures 2 1/2" in diameter and approximately 7 1/2" tall; the glass diameter measures 1 3/4".
