Description

One of the best I have come across in recent months, a top-notch silver napkin ring perfect as a gift for the discerning. Everything is superb with highly decorative pierced or reticulated work all around ... and a stunning shape with a vacant cartouche to the front which could be engraved if desired. The napkin ring has a crisp hallmark for Sheffield 1904, making this an Edwardian example; the makers mark W & H is also present for the quality silversmith Walker and Hall. A real stunner measuring 1 3/4" in diameter and standing 1 1/2" tall at front. Complete with it's presentation case lined in blue velvet and silk.
