## Description

9ct gold Shield wrist watch, 1933. The watch has a signed Swiss 15-jewel hand-winding movement which is working nicely. The watch measures 28mm wide excluding the winding crown and 28mm high excluding the lugs. Although originally designed to be a man's watch, it would suit a slimmer wrist or could be worn by a lady. The case is 9 carat gold and there are hallmarks inside the case back for Chester 1933 with a maker's mark for the Birmingham case makers Smith, Ewen & Stylic Ltd. The case is in good condition, just a small slight indentation to the bezel. The lens is in lovely condition. The signed dial is in good original condition and the inner 24 hour dial is a nice feature. The hands would have had infill in originally but this has been removed over the years. A new leather strap has been fitted. The watch will be sent in a new presentation box.
