Price

Sold**Item Reference: SA61563****Date of manufacture: 1850**

Description

A fine French Boulle Bracket Clock inlaid with brass & tortoise shell. The clock face consists of porcelain roman numerals. There are ormoluu decorative mounts throughout the front of the clock which are attached to the feet. There is a turned finial on top. The sides and back of the clock case are simply made from thin wood ply which has been ebonised or painted black. The mechanism has a pendulum with a weight attached on a fixed brass rod, acting as a counter weight, coming out of the movement to make the clock tick. It cannot stop or go off beat like a clock with a swinging or detachable pendulum. Measurements are 15 Inches in Height x 9 Inches in Width, and the Depth is 5 Inches. These clocks are simple in construction and elaborate in style. They are getting harder to find. TELEPHONE 07765 856171 TO RESERVE. HOURS 10 AM - 10 PM 7 DAYS A WEEK.
