Description

Gents 9ct gold Vertex Revue wrist watch, 1965. The watch has a Swiss hand-winding movement, signed Vertex Revue, which is working nicely. The watch measures 30.5mm diameter excluding the winding crown and the lugs. The case is 9 carat gold and there are hallmarks inside the case back for Birmingham 1965, a maker's mark for the Dennison Watch Case Company and also the Vertex stamp. The case is in good condition with just light surface marks, nothing serious at all. The lens is also in good condition. The dial is in good original condition with original hands, a subsidiary seconds dial and outer minute markers. A new leather strap has been fitted. The watch will be sent in a new presentation box.
