Description

An unusual early 20thC good weight brass table lamp rewired to UK specifications and fitted with an online switch. The lamp is 30cm in height in total; 26cm to the base of the lamp holder and it is approximately 11.5cm in diameter. It is in good condition and there are no signs of damage or repair and takes a standard bayonet lightbulb. The lamp has three round ball feet with matching brass balls on the top of the base. It will take any standard UK fitted lampshade, or we have a number of original glass lampshades in stock, some of which are on our website lancasterantiques.co.uk and some not yet photographed. If the buyer wants to use a period glass shade shade carriers can be sourced online. See example of shades and fitting in last few photographs. Postage and packing within the UK mainland only is included in the price, for outside areas please contact us for a delivery quote.
