Item Reference: SA617285

Date of manufacture: 1930

Description

The watch has a stem-winding movement which is working nicely. The movement is fully signed and the serial number 8914887 dates this back to the late 1930s. It is protected by an inner cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is nickel and is in good condition. The inside of the case back has the Omega triangular stamp. The watch glass has small marks across it but they really only show at certain angles. The signed dial has blued steel hands, a subsidiary seconds dial and an outer minute track. The watch comes with a single chain which measures 26cm long including the T-bar and the clasp. The watch and chain will be sent in a new presentation box.
