Description

RARE 19th century miniature treen hall stick stand in beech. I am not 100% sure what this was used for but I think it might have been on a desk for brushing the sand away as it is quite heavily ink stained. It is a gorgeous design and a wonderful colour with deep original patination. The brush is definitely old and could be original. SIZE; 3" diameter. 5" high CIRCA; 1840 - 1860
