Description

This is a fine quality antique period solid mahogany George III tripod based table in very good condition & dating to around the 1790 period or a bit earlier. It's actually quite a useful size & could be used as a small dining table. The tripod legs have an unusual upturn on the ends & also have brass casters which I think could be original. Width - 35 inches, 88 cm Height - 27 inches, 69 cm
